IT IS THE YEAR 1942 . . . a world is in turmoil . . . the American nation and its destiny is involved . . . loyal shoulders are carrying the burden . . . we give pause, therefore, to remember and honor the sons of Amundsen High who have answered the call to arms . . . theirs is the spirit which bled at Valley Forge and challenged on Lake Erie . . . theirs is a noble heritage.

Our annual takes its theme from the story of the NAVY . . . fittingly, however, this volume is dedicated to all OUR SONS IN THE ARMED SERVICES who, in war and peace, have realized their Alma Mater's ideals of honor, courage, loyalty and duty in the service of God and country. God send them fortune!

DETERMINATION . . . ***These are years when the world is limp and sodden with its own sorrows, when it turns with grateful knowing to the men, the leaders, who were born with steel around their hearts, and the visions we have not, but dream of, in their eyes. They who see beyond the line of sky and ocean, through the shaking turmoil of battle—they are the steel around our weeping hearts.***

WE HOLD THESE TRUTHS to be self evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, governments are instituted among Men, deriving their just powers from the consent of the governed.

Declaration of Independence.

☆

IF WE WISH TO BE FREE; if we wish to preserve inviolate those inestimable privileges for which we have been so long contending; if we mean not basely to abandon the noble struggle in which we have been so long engaged, and which we have pledged ourselves never to abandon until the glorious object of our contest shall be obtained—we must fight! An appeal to arms, and to the God of hosts, is all that is left us.

Patrick Henry, *Speech in Continental Congress, 1775.*

☆

THESE ARE THE TIMES that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands it now, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly; it is dearness only that gives everything its value. Heaven knows how to put a proper price upon its goods; and it would be strange indeed if so celestial an article as FREEDOM should not be lightly rated.

Tom Paine, *The Crisis, 1776.*

☆

WE THE PEOPLE of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and posterity, do ordain and establish this Constitution for the United States of America.

Preamble of the Constitution.

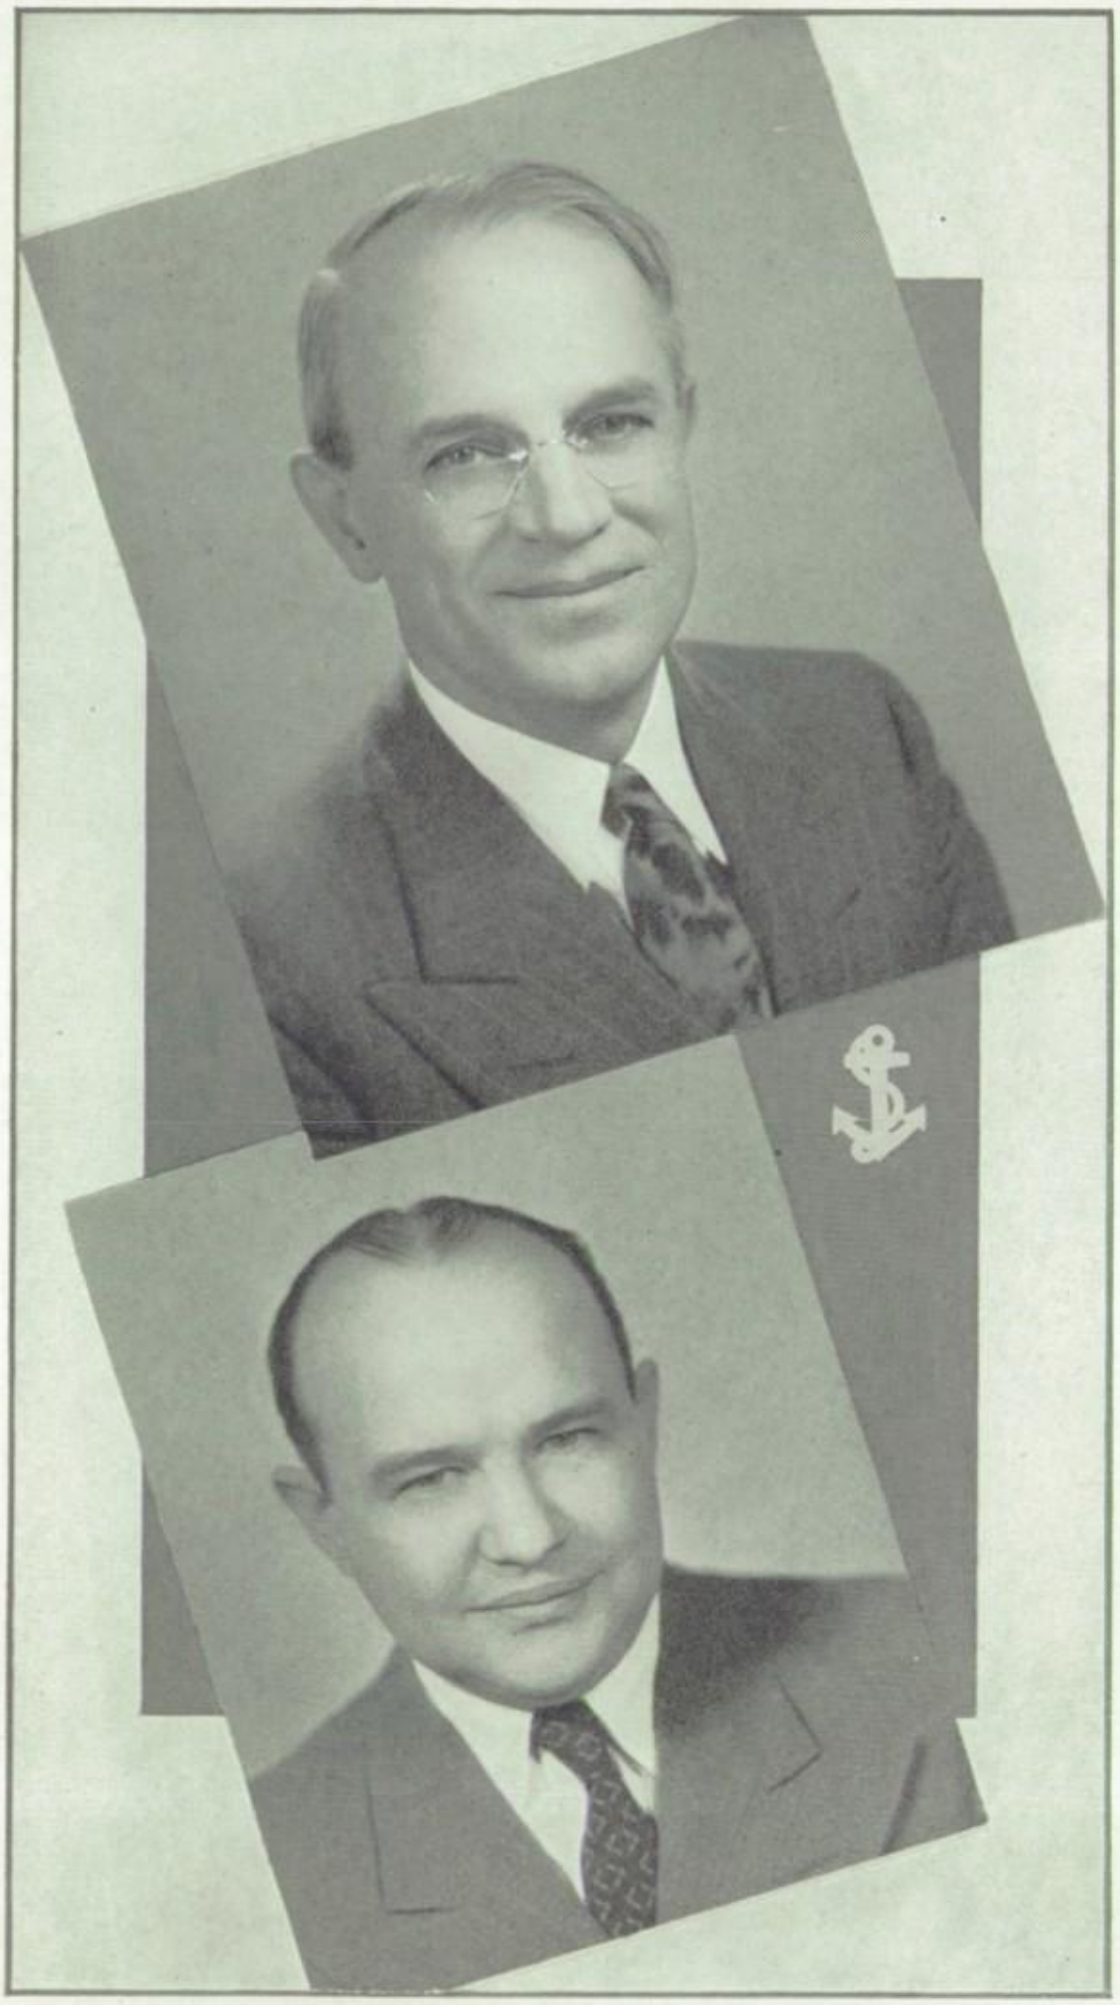
COMMANDING OFFICERS . . .



Captain

PRINCIPAL L. Day Perry guided the "S.S. Amundsen" into port after a profitable voyage through the calms and storms of the school year. Since arriving here in 1940, Mr. Perry has gained the respect of the school through his wise and understanding leadership. He is a friendly and inspiring shipmate.

First Mate

Second in command, **ASSISTANT PRINCIPAL** Harry P. Fuller served in his ever capable manner. Although office duties take a good deal of his time, he is always willing to lend a hand to students who run afoul on the inevitable reefs and shoals during journey.

Amundsen's **FACULTY,** although having undergone several changes during the past year, performed its appointed duties capably and efficiently. Theirs was the important job of helping to mould the youth of today into citizens of tomorrow. In spite of innumerable personalities to cope with, they have done their share in setting the proper courses.

In Memoriam

HELEN G. FLYNN

Throughout the year the students and faculty of Amundsen have felt the great loss of Miss Helen Flynn, former teacher of English. She was an inspiration not only to her colleagues but to the many pupils with whom she came in contact. Always modest, she went about her work quietly and diligently, extending a helping hand to those in need, smiling even through the illness which was to be her last. Extremely sensitive to beauty, she was able to express her talents in the sponsorship of the 1937 VIKING, one of the finest Amundsen has ever produced. Her many sterling qualities have left us murmuring, "Here was a thoroughbred—a real lady!"

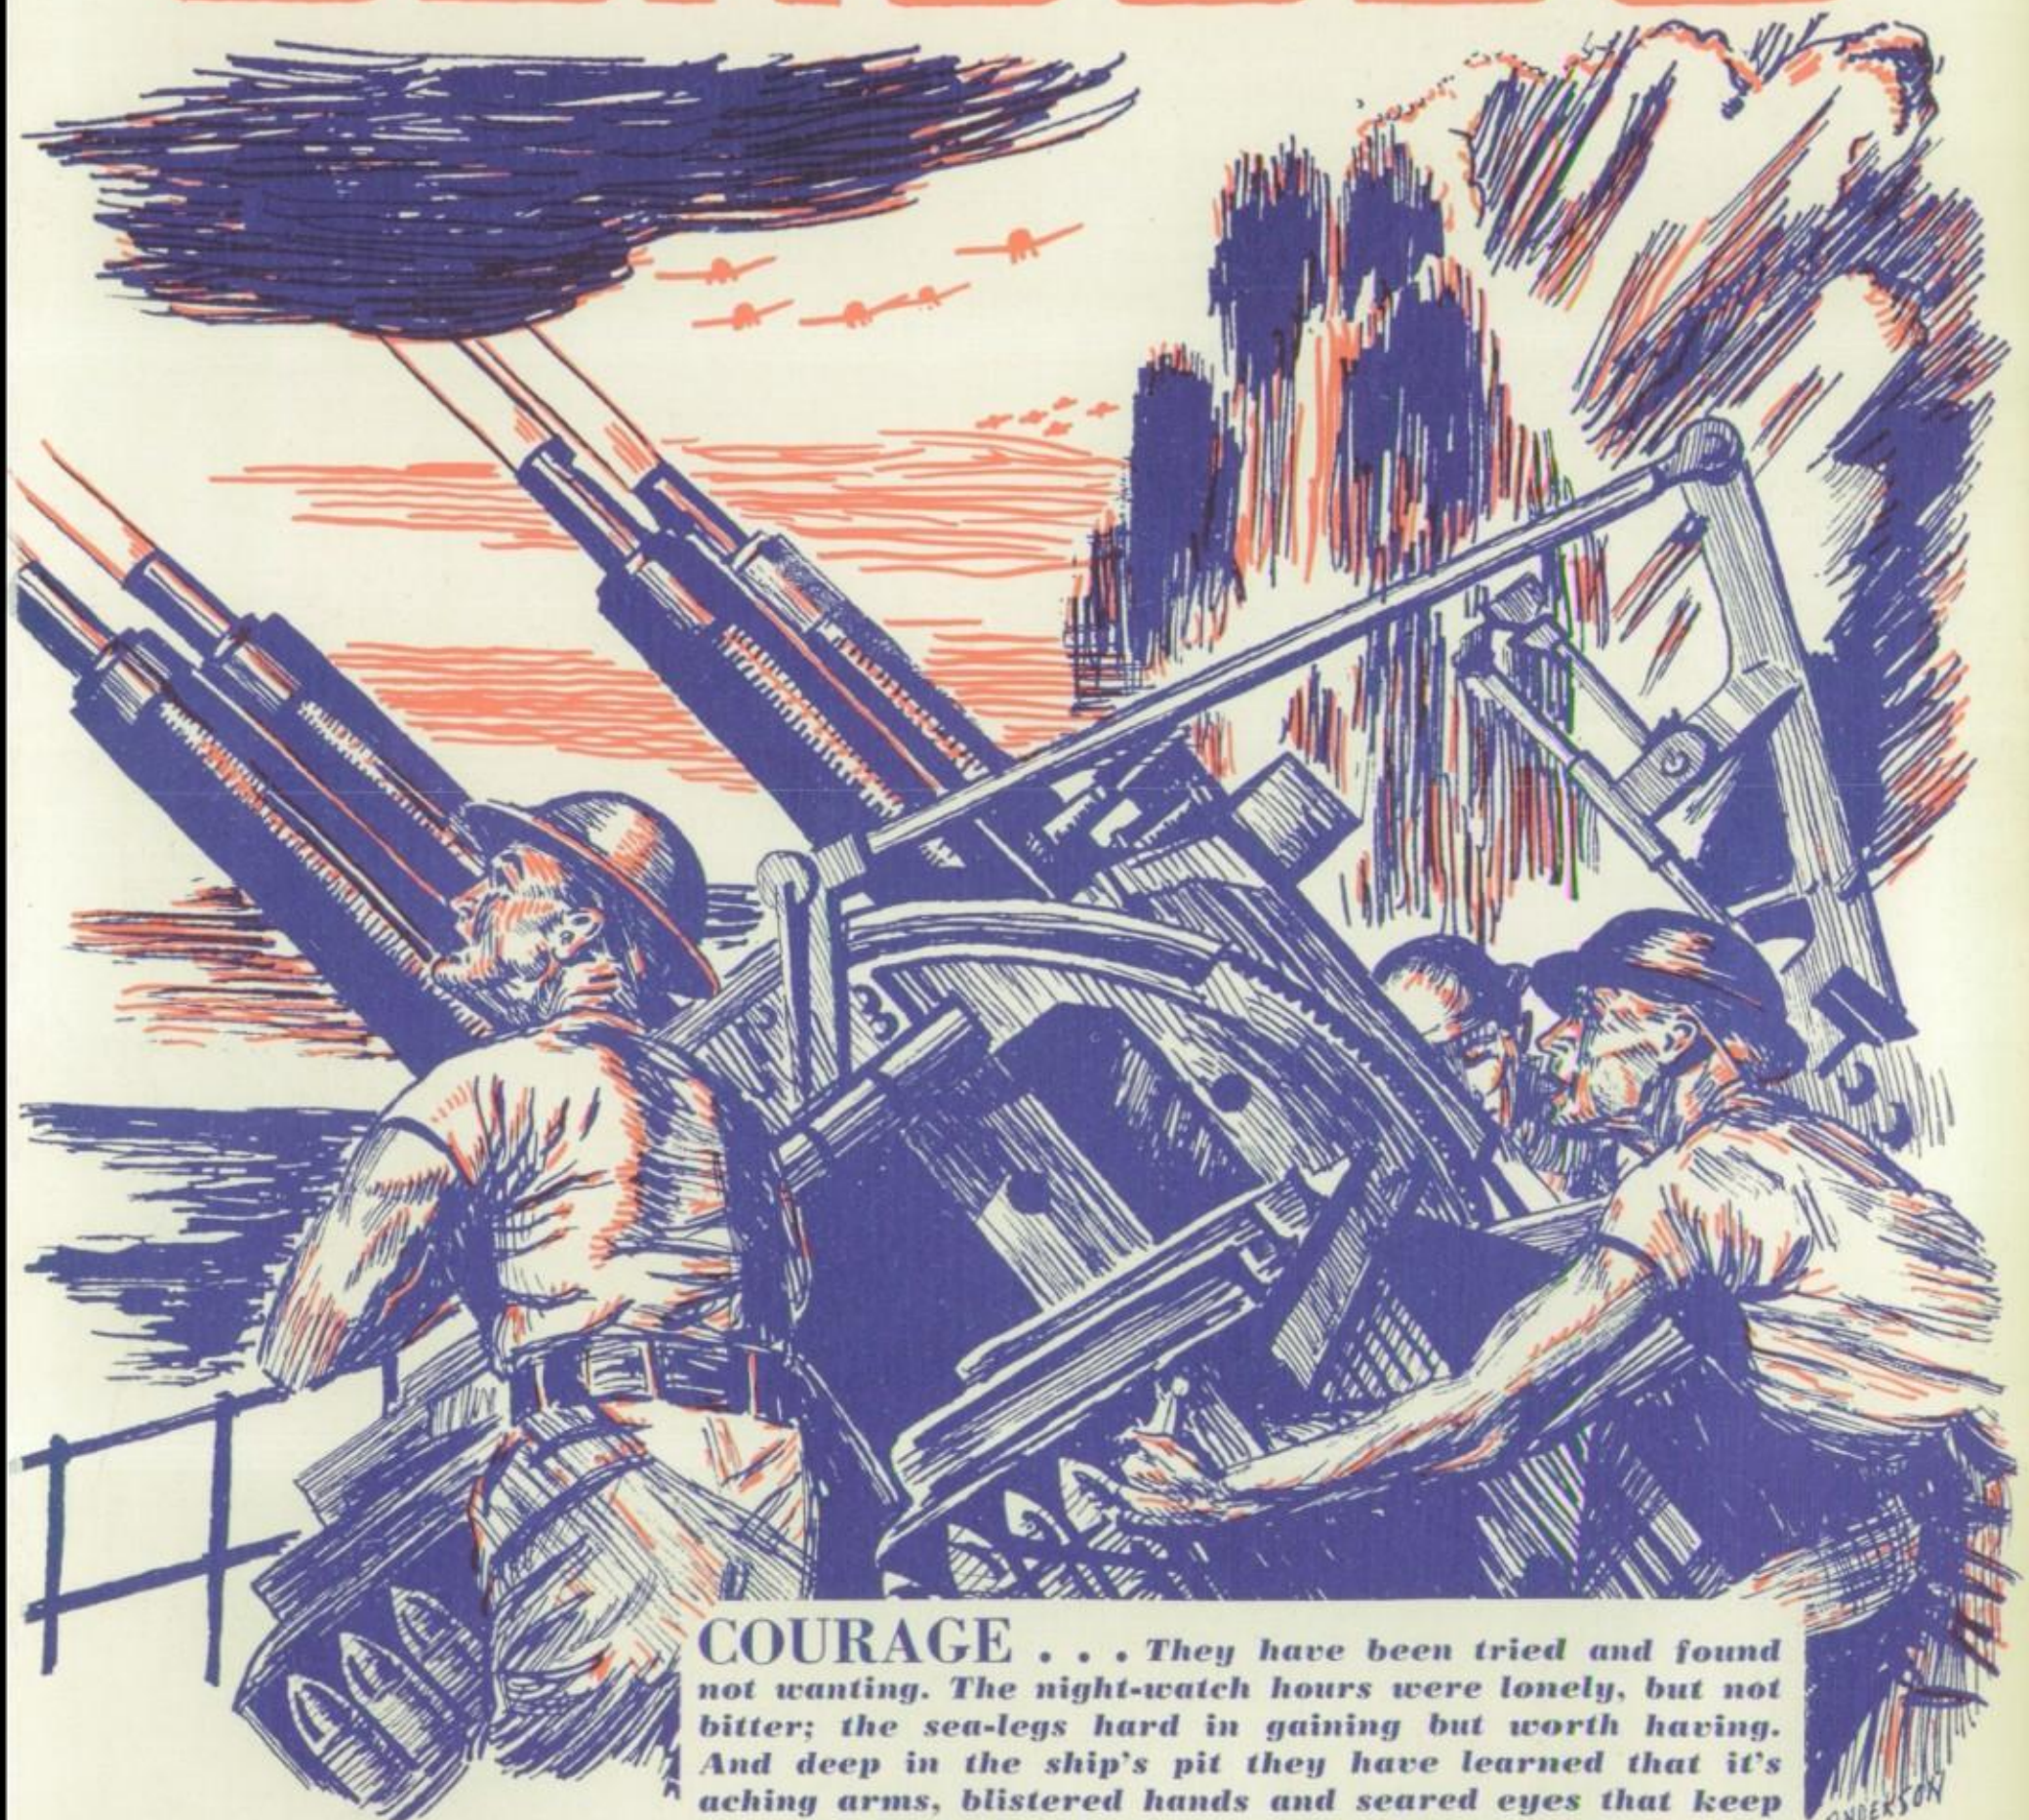
CLASSES



COURAGE . . . ***They have been tried and found not wanting. The night-watch hours were lonely, but not bitter; the sea-legs hard in gaining but worth having. And deep in the ship's pit they have learned that it's aching arms, blistered hands and seared eyes that keep a craft afloat; they know the cost in terror and sweat of keeping themselves and other men alive.***

THAT ALL POWER IS VESTED in, and consequently derived from, the people; that magistrates are their trustees and servants, and at all times amenable to them . . . . That religion, or the duty which we owe to our Creator, and the manner of discharging it, can be directed only by reason and conviction, not by force or violence; and therefore all men are equally entitled to the free exercise of religion, according to the dictates of conscience; and that it is the mutual duty of all to practice Christian forbearance, love, and charity towards each other.

Virginia Bill of Rights, 1776

☆

CITIZENS BY BIRTH OR CHOICE of a common country, that country has a right to concentrate your affections. The name of American, which belongs to you in your national capacity, must always exalt the just pride of patriotism more than any appellation derived from local discriminations. With slight shades of difference, you have the same religion, manners, habits, and political principles. You have in a common cause fought and triumphed together. The independence and liberty you possess are the work of joint councils and joint efforts, of common dangers, sufferings, and successes.

Washington, *Farewell Address, 1796.*

☆

I KNOW, indeed, that some honest men fear that a republican government cannot be strong; that this Government is not strong enough; but would the honest patriot, in the full tide of successful experiment, abandon a government which has so far kept us free and firm on the theoretic and visionary fear that this Government, the world's best hope, may by possibility want energy to preserve itself? I trust not. I believe this, on the contrary, the strongest government on earth.

Jefferson, *First Inaugural Address, 1801*

It was the "don't-give-up-the-ship" spirit that became woven into the everyday lives of four more freshmen divisions. Stick to it, kids! Divisions **323P, 312P,** and **215P** each bought its quota of Vikings. Not to be outdone, **316P** raised its sails by subscribing to the Log 100%. Besides this, the room ranked among the top five purchasers of war stamps, and contributed a sizeable amount to the Red Cross.

In spite of the fact that they came to school at noon and found their way home by the light of a lantern, the pupils of **216P** found time to sail away with the Freshman Volleyball Championship. Along with Divisions **224P** and **321P,** this champ room stuck to its guns and scored hits on the Viking target by attaining its quota. A 100% subscription to the Log was attained by 321P.

APPRENTICE SEAMEN . . .

Tipping their hats at a jaunty angle, the **SOPHOMORES** rowed through the doldrums of the second year. They started to break the ice in extra-curricular activities, and showed signs of easing up on their classwork. Some may have run afoul on the reefs of 219, but in general it was a pleasant voyage. Division **322A** pitched right in and helped to bail out the ship by obtaining its Viking quota. Another feather in the room's cap was the 100% Log subscription. Division **201A** won honors through Robert Fosse, who succeeded as an intramural swimming champ.

Upon entering the Sophomore Sea, these divisions showed their appreciation for a profitable first year at Amundsen, by splashing high in the war stamps drive. Viking quotas were sought and won by **303A and LUNCHROOM A.** The former, along with **115A,** was among the leaders in contributions to the Red Cross. So, sophs, break out your school spirit!

Filling the pap with their Macs, the **JUNIORS** cruised past the third milestone in high school life by getting into the swing of things. They shot the rapids of idleness in the canoe of social activity, and stowed up much knowledge on their journey.

Division **226A** kept the flag flying high and showed its patriotism by buying the greatest number of war stamps aboard the "S.S. Amundsen." This same division also met its Viking quota. Anchoring their divisions with 100% Log subscriptions, the sailors of 226A and **224A** rated high on the list of junior divisions. 224A was ranked among the highest five purchasers of war stamps of the entire school and also were generous contributors to the Red Cross.

With three years of sailing already part of the record, we find the members of the junior class preparing themselves for the last lap of their high school voyage. As they were a socially-minded crew, a good deal of their time was spent forming and cementing friendships to carry with them onto the Sea of Life. Division **205A,** in order to look back on the "good old days," stored away its quota of Vikings as reminders.

The sailing on the tempestuous third-year sea was rather rough, and a beaten path was made to the brig, but the juniors came out of the voyage none the worse for the ordeal. As a matter of fact, these students have used the past year to good advantage. A cargo of knowledge wrapped up in friendships has been stored away to be used in voyages yet to come. Divisions **121A, 212A,** and **324A** gained recognition by reaching their Viking quotas. In addition, 324A gave one of the largest contributions in the school to the Red Cross.

Cutting through the waves of its first semester among the **SENIOR DIVISIONS** was **223A.** It came out with top honors among the 4B's. Making use of its preponderant sea power, it was the first group in the school to purchase $100 in war stamps, and by bleeding the buoy it also led in contributions to the Red Cross. In addition, the Viking quota was reached, together with a 100% subscription to the Log. The Navy "E" goes to these students for their superlative record! Division **328A** did not let the prow of 223A skim too far ahead. Its commendable donation to the Red Cross was its most distinguishing feature.

IT IS FOR US THE LIVING, rather, to be dedicated here to the unfinished work which, they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.

Lincoln, *Gettysburg Address, 1863.*

☆

THOU, TOO, SAIL ON. O Ship of State!
Sail on, O Union, strong and great!
Humanity with all its fears,
With all the hopes of future years,
Is hanging breathless on thy fate!
Fear not each sudden sound and shock,
'Tis of the wave and not the rock;
'Tis but the flapping of the sail,
And not a rent made by the gale!
In spite of rock and tempest's roar,
In spite of false lights on the shore,
Sail on, nor fear to breast the sea!
Our hearts, our hopes, are all with thee.
Our hearts, our hopes, our prayers, our tears,
Our faith triumphant o'er our fears,
Are all with thee—are all with thee!

Longfellow, *The Building of the Ship*

☆

WITH MALICE TOWARD NONE; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind the nation's wounds; to care for him who shall have borne the battle, and for his widow, and his orphan—to do all which may achieve and cherish a just and lasting peace among ourselves, and with all nations.

Lincoln, *Second Inaugural Address, 1865.*

NAVY SLANG . . .

In using slang throughout the book, we have done it with a spirit of humor and liveliness, letting the chips fall where they may. No offense has been intended, and we hope no one has been offended. This is the living language, perhaps the harbinger of things to come. The staff would like to thank alumnus Brendan McCann of June class '41, 2nd-class seaman aboard the S.S. Kaskaskia, a tanker somewhere in the Pacific, for his generous co-operation and patience with us in compiling this slang vocabulary. Some slang has also been garnered from "Annapolis Today" and "U.S. Naval Academy".

The **GIRLS' CHORUS** has spent the past year quite profitably as a group, and also as individuals. In the former capacity, the girls have given many performances. Among these were civic and patriotic programs in the neighborhood, and for the P.T.A. In addition, a number of girls took part in the Variety Show.

A few of the choristers have taken up the study of music seriously. Lois Burg appeared in the opera, "Magic Flute" downtown, and Marguerite Whitehill sang at a performance of the opera "Pinafore". Another student, Colleen Geoffray, is studying under Madame DeVries.

The **MIXED CHORUS** brought laurels to Amundsen by earning an "E" rating in the city-wide contest this year. On March 26 several members collaborated with the orchestra to present the unique "Gay Nineties" revue, at the annual spring concert. Mary Jane Fischer gave a splendid rendition of "After the Ball is Over" and then teamed up with Lois Trethaway and Nancy Woodford to form a pleasing vocal trio. Supplementing the girls' work was baritone Robert Norton, who got himself tongue-tied with "Rose O'Day."

BLOW BOYS, BLOW . . . *stars in music . . . playing the "Sailors' Hornpipe" lustily . . .*

Last fall, the return to work found Room 330 invaded daily by three bands, an orchestra, and three instruction classes. After balance was obtained in the major groups, and the younger classes organized, production began for the annual fall concert. Through concentrated group and individual preparation, the **CONCERT BAND** and the **ORCHESTRA** were whipped into shape. The day of the concert found them ready for action, and an excellent concert resulted. During the football season, members of the Concert Band added the trimmings to the games held every Saturday. The music supplied went a long way toward keeping up the morale of the team and the student body.

Midyear graduation hit both the Concert Band and Orchestra quite hard. The former lost such key performers as Al Grunschel, Norma Kerwer, Clyde Ruppert, Art Engquist, and Jim Hansen, all of whom held important positions in the personnel. The Orchestra also suffered when Mary Lou Shirk, Paul Miresse, and Jean Mix took their final leave.

The beginning of the spring semester found a general rebuilding program in action. While Mr. Buchtel blended the new individuals into their positions, several of the more advanced players began intensive practice for the city-wide solo contest. As was expected, "Automatic" Jerry Keller pulled down an "S" rating, and was recommended for the National Contest. Several other entrants attained a rating of "E".

BLOWIN' THE BOS'N'S PIPE

Although the students of the **CONCERT BAND** compiled such a splendid record of performances as individuals and as a group during the winter, the greatest achievement of the year was yet to come. The grand climax, after concentrated, twice-daily rehearsals, came in the spring at the time of the city-wide contest for high school bands. After a few weeks of polishing each selection to the minutest detail, the Concert Band reached the day previous to the contest with every individual knowing his exact duties. Everything was at a fever pitch for the big performance. With the big day came disheartening news, John Gummerman had become a little too feverish. He came down with the measles! Speedy readjustments were made, and the group arrived at Harrison High School intact. Another calamity nearly occurred when the curtain had to be held for some minutes in order that "our boy" Fred Mitchell could rush in with his oboe. He was delayed by a traffic jam! In spite of the last minute difficulties, the gang came through brilliantly, and received their reward in the form of an "S" rating, the seventh in eight years.

At the end of the fall semester, Mr. Guy Millard presented an elegant trophy to be inscribed with the names of the students from the band and orchestra who have given outstanding service to those organizations. The first names to be immortalized were June Borg and Christina Nicholas.

On June 7, a picnic was held for the members of the Orchestra and Bands, and their friends.

Who can you thank for the soap and containers now supplied in the washrooms? Who provided for the frames around the air raid signs? Why, the **STUDENT COUNCIL,** under the direction of Mrs. Dillon. These were but a few of its many achievements throughout the year. Action began with the purchase of pants for the football team. This was followed by the filling of Christmas baskets for needy families. In March, a taffy apple sale was held to raise funds so that delegates could be sent to the Illinois Association of Student Councils. The money collected through the A. C. A. was distributed by the Student Council to the Red Cross, G. A. R. Flower Fund, Children's Aid, and the U. S. O. Their ambitious plans for the general improvement of Amundsen, and the propagation of charitable works for those in need, were surely carried out in full.

The Amundsen Chapter received special distinction during the fall semester when June Prather was elected President of the Chicago Council.

An assembly is presented each semester to acquaint new students with the requirements for membership. The fall meeting was high lighted by an original skit written and enacted by its members. Few in the audience will forget "Freshman's Progress," or Guy Millard's "Flight of the Bumble-bee."

SAVVY SEAMEN . . . *they know not the pap . . . never frap . . . tack into the wind . . . tea fights . . .*

At the spring assembly, another student skit was presented. Pearl Euler was narrator of the pantomime which portrayed several methods of obtaining the coveted "S". Bill Barber and his "Barbarians" supplemented the antics of "Dean Goggle-eyes" Gasper, "Snake-charmer" Larson, "Rope-skipper" Eide, and "Poison peddler" Martinson.

These assemblies did much to show that honor students are "just plain kids."

Working under the handicap of a decided shortage of man-power, the Fall **DRAMA CLASS** turned out performances covering holidays, P. T. A. Shows, the Variety Show, and the Class Play, along with their study of general theatrical technique and dramatics.

The Variety Show featured many talented numbers which met with great applause and acclaim at each performance. The class supplied skits and original material in an entertaining manner.

The Fall Class Play, "Don't Take My Penny," was based on the antics of a movie-struck girl, and the efforts of her resourceful boy friend to discourage her illusions.

The spring semester dramatic season was well filled, including the Lincoln-Washington Program, skits for the P. T. A. and Senior Hall, and the Variety Showboat.

When the good ship "Cotton Blossom" sailed into the Amundsen Harbor, it brought a cargo of outstanding entertainers. The entire script was written by Ken Sutton. Miss Philbrick again demonstrated her ability as a producer, by turning out an assured hit in the "Showboat Revue."

The high light of the season was the Class Play, "Leave It To Psmith," a burlesque of English aristocracy, centering around the unpredictable escapades of one Ronald Eustace Psmith (the "p" is silent as in "pstupid."). The intentional disappearance of priceless diamonds laid the plot for this mystery farce, whereas the droll Psmith was the abductor as well as the recoverer, while involving himself in an innocent love affair.

There's something that Mr. Weinberg and the **GERMAN CLUB** will always remember . . . the vain attempts of the members who tried to induce their sponsor to try the rolling wheels at their Roller Skating party. Such was the whirl of life on March 26.

Amundsen's German club was established about seven years ago to further the appreciation of true German culture. Even now, in spite of present day difficulties, the students have open-mindedly continued this policy, in the justifiable belief that a better knowledge of a people is the surest way to deal with them, and that such a knowledge can come by no better means than the study of their language.

Did you hear those weird sounds issuing from Room 325 one spring morning? No, it wasn't a practice air raid warning, just Howard Sweeney scanning the lines of the "Aeneid" with his clarinet for the **ADVANCED LATIN CLUB.**

The Hades Gazette, a six-page newspaper, was published under the leadership of Wayne Gasper, Rosemary Spanier, Dexter Huntington, and Howard Sweeney. It was a humorous edition, containing many parodies on the Roman lower world. "Adventures of Aeneas," a play in the form of a morning serial broadcast, was produced, directed, and presented by Howard Sweeney. "Dido" was portrayed very vividly by Marie Eide, "Aeneas" by Frank Bloom, and Paul Russell and Herbert Selander took supporting roles.

Miss Edna Kron

The main feature of the fall Advanced Latin Club, under the direction of Miss Kron, was a Christmas party, at which carols were sung in Latin. Fall officers were Wayne Gasper, consul; Marie Eide, aedile; and Muriel Gray, quaestor.

Officers elected for the spring semester were Marie Eide, consul; Wayne Gasper, aedile; Marilyn Harding, quaestor; and Bernice Marks, censor. Mrs. Davis was the sponsor for this semester.

Robert Lewis, a member of the second period 2B Latin Club, made a Roman cake for his class. This meant substituting honey for sugar, and oil for butter. The Romans had butter, but used it for an ointment, rather than for baking purposes.

Mr. Hankwitz's **FRENCH CLUB** has aimed at the expansion of its cultural outlook, in addition to the mere learning of the language. Holding important offices in Le Cercle Francais during the past semester, were Caroline Leiter, Andrew Voisard, and Bette Brown.

On Pan-American Day, at a meeting of a beginning French class, Mary Trimble was the only one to come through with a report on assigned topics. One talk was about Jean Lafitte, the nineteenth century Caribbean buccaneer. The second concerned the history of Haiti.

An outstanding activity in which the members took part was the National Victory Drive for Books. This worth-while cause was entered into enthusiastically by many of the members.

Many successful dances were given by **ALPHA TRI-HI-Y.** One of them, the "Goopers' Gallop," a matinee hop, was given in the Girls' Gym. Other activities included a Mothers' and Daughters' Banquet, socials with various Hi-Y groups connected with the Wilson Y.M. C.A., particularly the Alpha Chapter from Amundsen. Informative talks of intellectual value also comprised some of the activities of the chapter.

This year the members devoted many generous hours to community services, such as delivering food supplies to needy families, and providing social entertainment and gifts for neglected children.

Betty Spahr and Olive Williams served as president and vice-president during the fall semester. The spring president was Helene Carelin, who was assisted by Vice-President Mary Jane Zurick.

This season, for the second consecutive year, Beta won the Wilson Y.M.C.A., Tri-Hi-Y Volleyball Trophy, competing against other North Side clubs. The girls also won recognition this year when they were commended by Alderman Hilburn for the time they devoted to packing and delivering Christmas baskets for families in need.

Their activities for the year included the annual Mothers' and Daughters' Banquet, joint parties with Hi-Y groups, a highly successful dance the "Cupid Canter," a dinner for graduates, and a tour of Northwestern University.

Leading the **FEBRUARY SENIOR GIRLS'** Clubs in their various activities were Mary Jane Hoffman as President, and Merilyn Laverty as Secretary. Strong ties, beneficial to every member, were built up, accompanied by entertaining times and sociable meetings. Friendships, the strongest bonds to be gained in these troubled days, were formed.

The underlying reason for these informal gatherings was to bind senior girls together by their common interests—a purpose achieved with great success.

The **ALPHA CHAPTER,** while maintaining old friendships and promoting new, attended many social functions during the course of their senior year. The most notable among them was the Hallowe'en party held at Cathy Johnson's home.

FOG BOUND FEMMES . . .

Keeping close contact with the Log Book, we notice that Dolores Wagner and Shirlee Wickersheim were President and Vice-President of the June **SENIOR GIRLS' CLUB** Council. Also, at the helm as Secretary and Treasurer, were Lois Fray and Patricia Lundquist.

Enduring friendships, linked together with social encouragement, made up the 1942 Senior Girls' Club.

ALPHA CHAPTER had hen sessions at bowling parties, went bicycling, horseback riding, and attended shows.

Benevolent deeds such as filling stockings and donating old clothes to an orphanage at Christmas time, crowded the calendar of the **BETA CHAPTER.** Parties, a picnic, and a hike, filled up much of the time the girls spent together.

The members of the **CHI CHAPTER** have been laying plans for more good times after graduation, like the ones they had at their house party, pajama party, and picnics.

Never will the Viking staff forget the generosity of the **FOODS CLASSES** during that early semester picture taking day, when a midday boost was so graciously administered. That chow sure was swell! A further displace of culinary excellence was displayed by the girls when they served mud water, shiverin' liz, and gaskets to the guests at the P. T. A. Fashion Show.

The United Service Organization also got a taste of Amundsen girls' cookery, as the classes, during the past year, incorporated the baking of cakes for that worthy cause.

KAYDETS . . . *jimmylegs at all times . . . high*

Eyes right! The Amundsen Battalion marches abroad, led by their energetic commanders, Pantelis Lambros and Christ Ulrich. First to pass in review is the Viking Color Guard proudly displaying the colors of the Red, White, and Blue, which their cousins, the Army and Navy, are fighting for on the far flung battlefronts of the world. Up beside Old Glory and the Unit colors, waves the immaculately white, blue bordered Service Flag, the first of its kind to be had by any high school **RESERVE OFFICERS' TRAINING CORPS** unit.

Instructor, Staff Sergeant Robert Earl Prussing, commonly referred to as the exec, by whose capable guidance and management the Amundsen Battalion marched to honors, deserves a great deal of credit. Under his instruction, the past semesters saw the revival of the merit and demerit system, the development of a snappy competition platoon, and of two crack rifle teams, which started and ended their respective semesters with a bang.

To those who may have wondered about the inner workings of the **VIKING,** this peek behind the pages is submitted.

Last October a number of Amundsen students answered the call for Viking staff candidates. The original group gradually wore down to only a few more than the eight on this page. Throughout the year, the rest of the gang was added, and molded gradually into an efficient machine. Despite the midnight watches and daily work, the whole staff cannot help but feel that the past year has been well spent. The association with one another, and the friendships made thereby, more than repay for any trials experienced.

Sturdy, thriving currents of aid were supplied by those whose pictures appear on this page. It was with this backing that the energies of the staff were dashed against the bulkheads of picture-taking days, subscriptions, and deadlines. Robert Makinson, Richard Anderson, Harry Kreuger, and Gloria Peterson deserve a twenty-one gun salute for the tedious art work they completed.

Mere words cannot express the unlimited gratitude the staff wishes to extend to its business associates for the splendid co-operation rendered. To Mr. Fred Babbin, the old standby of Stearns & Company, for the long hours and invaluable counsel that he contributed towards the success of this annual; to Mr. William Niehaus, of the Fred Klein Printing Company, for the never-failing justification of the confidence placed in him; to Mr. Kenneth Cooley, of the David J. Molloy Plant—S.K. Smith Company, for his friendly attitude of service which made dealing with him a pleasure; to the several employees of the Root Studio for their conscientious, efficient efforts exerted in our behalf; to these, we can only say, "Many, many thanks!"

Mr. Charles A. Bill was on hand again to keep the crew on its course.

Little does the vast majority of Amundsen's student body realize the importance of the several overalled men who comprise the **MAINTENANCE CREW.** Every day after classes end, and the pupils and teachers leave, this industrious squad busily engages itself in preparing the building for use the following day. In addition, the school's health depends upon the heating and ventilation systems cared for by these men. They are really a swell bunch—the Viking Staff knows!

The **STAGE CREW** is a service organization, whose purpose is to assist in the production of plays, programs, or other entertainments. The work demands an active interest in shop work, carpentry, and painting.

During the past year, the crew designed and built the sets for the Senior Plays, Variety Shows, and other school presentations. The chief accomplishment is the experience the boys receive from handling tools.

The G.A.A., meaning the words **GIRLS' ATHLETIC ASSOCIATION,** is a club where any girl may join and work with others as one big team. With the help of its capable leaders, the G.A.A. has provided many hits for the student body. An especially notable one was a good old-fashioned "meller-drammer," "Little Nellie of New Rochelle," written and narrated by the ever-active Caroline Leiter.

The G.A.A. has charge of all girls' sports; horseback riding, bowling, basketball, volleyball, swimming, tennis, soccer, baseball, and badminton. It succeeds in many social events also, such as picnics, hikes, progressive dinners, play-days, splash parties, and other various outings. These different activities help build up an "American Girl," and gives her support to tackle any job given her.

A division outstanding in its loyal support was the 4A division, Room 305A. It has been the first division with 100% G.A.A. membership for four years. Congratulations, Mrs. Norcott!

NATIONAL BOWLING CHAMPS

The pins were set up, the girls toed the line, the balls rolled, and the **NATIONAL HIGH SCHOOL GIRLS' CHAMPIONSHIP** went to Amundsen's "Bowling Bags!"

Captained by Audrey Olsen, the team included Jean Christiansen, Patricia Weiss, Shirlee Wickersheim, and Eileen Sherlock. These girls received individual trophies for their winning score of 2,440. This score resulted after playoffs held throughout the country. Medals were also given for being the highest team in the Amundsen league.

The Individual High School Girl's Championship of the United States went to Audrey Olsen for striking the score of 530. When in Milwaukee, the team was permitted to bowl in the Women's International Bowling Congress Tournament held in the latter part of May. It seems as though it was an off day, for the girls didn't fare so well. Nevertheless, we're proud of them!

With red and blue bandannas flying in the wind, the **RIDING CLUB** of Amundsen beat out a steady pace to be envied. Red bandannas marked the halting jogs of the beginners; blue, the steady beat of the advanced members. Sudden stops and spills were common, but when Marilyn Esh's steed leaped a fence, a spectacular dust-biting episode was seen.

The club met every Wednesday at a neighborhood stable, rain or shine. Spring officers were, Betty Meyer, President, and Lois Trethaway, Secretary-Treasurer.

SWIMMING CLASSES...

Jackknives . . . surface dives . . . backstrokes . . . half-flips . . . are familiar terms to the **GIRLS' SWIMMING CLASSES.**

Once every week, as a part of the gym requirements, the first year girls take one period of swimming. Each class is divided into two sections—beginners and advanced swimmers.

In these classes, the beginning girls learn the rudiments of the art, while the advanced students spend their time improving their abilities.

Under Miss McDonald's supervision, a special class is held for girls who wish to learn how to dive. These femmes are present in the pool during a free period in their program.

Lake View was the first school which attempted to sail away with our crown, but the galloping gobs set full steam ahead to win the battle, 32-6. Heavy guns smashed holes in the enemy's line, and Captain Kenneth Vollmar led the ship to base for the first victory.

The tars shoved off on their second cruise and out-sailed Sullivan with a score of 13-12. After four quarters of tricky maneuvering, the game ended with the Tigers one yard from another six points. Whew, that was close!

Although playing well, the Rough Riders were merely chow in the lunch hooks of our hungry and fast team, 20-0. Despite heavy and repeated thrusts upon their line, the Norsemen stowed Roosevelt in the hold with balanced and brilliant strategy.

Viking gobs became human dynamos and mauled Waller with the score of 31-0. Tons of ammunition, in the form of energy, exploded on the field, and infected even the spectators with wild enthusiasm.

Mighty Senn battlewagons rode straight over our mosquito boat team, which crashed to the depths in their first defeat, 6-0. During the early part of the game our team played master strategists, but the Bulldogs overwhelmed them with sheer weight and preponderance of numbers.

The ceiling was zero on Amundsen hearts at the Taft game, in which the fighting team lost, 7-0. The battle raged fiercely and evenly until Taft sailed over our shipmates.

Norse middies unfurled their banners and overwhelmed Lane, 20-7. The tin cans in red and gray characterized the game with consistent playing, sending numerous fish to make shiverin' liz out of enemy linesmen.

Pummeled to pieces by Schurz's heavy broadsides, the light Viking destroyer went down with colors flying, 13-0. When the field of battle had been cleared, both teams hurried to misery hall.

The **SENIOR BASKETBALL TEAM** cruised through the season with seven wins and three losses, losing to Lane 38-25, Steinmetz, 29-24, and Senn, 42-35, to finish third in the North section. In the play-offs, the Norse mosquito boat sank Austin, 51-31, but was torpedoed by Crane, in the Quarter Finals, 28-24.

Bob Blessing and Eugene Christie held the team on the course as co-captains. Coach Delaporte was again on deck to lend a hand in keeping the team from hitting hidden reefs.

By far the most entertaining game of the year was the one with the faculty, with Messrs. Anglemire, Bill, Fuller, Huddy, Jorndt, Slepicka, Small, and Weintraub, upholding their honor. It was a riot! Remember the six-man faculty sleeper? Remember bullet-eye Fuller as high scorer?

BASKETBALL TEAMS...

Although fighting gallantly, the Amundsen **JUNIOR BASKETBALL TEAM,** scuttled by a bad luck streak, limped into home port with four wins and six losses. John Granahan and Willard Mueller, co-captains, persistently kept the team moving. The long sharp shooting of Robert Kerwin was also an important cog in the boat.

Robert Blessing took the helm of the **BASEBALL TEAM,** and steered it through nine wins and seven defeats. The quick eye of Willard Mueller, catcher; the arm of Big Jim Phillips, pitcher; and, Blessing's fielding at shortstop, were important factors in keeping the team in fourth place in the North Section. Although the crew out-hit Lane 6-3 in the second encounter, we lost 1-0. Another heart-breaker was the second Taft battle, in which the enemy scored many unearned runs due to errors.

The season's heavy hitters were Robert Campbell with .522, and Jim Phillips with .521.

The **SOCCER TEAM** had a rather disastrous season by losing seven games and tying one. However, the boys gained the attribute of losing graciously.

Amundsen's **WRESTLING TEAM** grappled through a fairly successful season, although meeting, among others, such vaunted opponents as the muscle-men of Tilden, Crane, and Lindblom. The star of the team was Robert Wilson who won first place in the Central A.A.U. Tournament.

The greatest accomplishment of the **FROSH-SOPH FOOTBALL TEAM** was the avenging of the varsity defeat suffered from Senn. They were also the only team to score against Taft's Frosh-Soph squad.

The members of the **TRACK TEAM** could be seen going through their routines during the spring months. Shots flying through space and miles being clocked off, marked the sessions.

Our **SWIMMING TEAM,** captained by Jim Phillips and Eric Hed, swam through both home and foreign waters with varied success. The outstanding honors of the year were won by the juniors, who placed fourth in the city-wide relay and medley race.

INTRAMURAL TEAMS

Last fall, several division groups entered into competition for the **INTRAMURAL TOUCH-BALL** championship of the school. An elimination system was employed, and the one entry remaining at the end of the schedule was Division 315A.

During the winter, the annual **INTRAMURAL BASKETBALL** contest was staged. Hotly contested skirmishes marked victory after victory, and Division 215P lasted through to take the title.

The **INTRAMURAL VOLLEY BALL** tournament drew its usual large field of entrants. The freshman winner was Division 216P, while 329A topped the sophomore class. The junior and senior titles went to 212A and 228A, respectively.

INTRAMURAL TABLE TENNIS, SWIMMING, FREE

With a **TABLE TENNIS** championship offered for each class, the paddle-wielders spent several days wacking celluloid pellets over the nets. Lefty Clark Catelain, a real artist at the game, pulled down the freshman title. The sophomore class bowed to Al Rensman, while Pat Conner took the junior division. Edward Magnuson came out on top of the senior heap.

The **INTRAMURAL SWIMMING** meet was held in the Amundsen pool during the winter. Splashing through to the front of the senior division was Eric Hed. Junior honors were captured by Thomas Williams, Robert Fosse, Bert Johnson, John Martin, and Richard Gade.

One of the "A" club's first contributions to the Intramural Sports Program was the inauguration of the **FREE THROW CONTEST.** After several elimination run-offs, Donald Magnuson and Donald Rehfeldt emerged as final contestants. The play-off took place between the two games of a regular basketball double-header. The winnah—Don Magnuson!

THROW, WRESTLING, AND BOXING CHAMPS...

The **INTRAMURAL BOXING** meet was entered by a large number of boys. While the majority had to be satisfied with faces full of leather, black eyes, or bloody noses, eight of the contestants emerged, each victorious in his respective weight. Walter Friend fought his way to the front in the 100 pound class, while Arthur Rusk took the 118 pound division. Also taking top honors were: Michael Escorcia, Jack Morrissey, Frank Liptrot, Jerry Heinz, Arthur Berlinger, and Anthony Reilly.

The month of January brought with it the meet in which the **WRESTLERS** of Amundsen turned on each other to vie for individual mat titles. Clarence Emanuel, Robert Wilson, Robert Flannery, Thomas Collins, Jack Morrissey, Anthony Reilly, Richard Burns, Arthur Mann, William Chandler, and Paul Stricker each gained first place in their respective weights. Flannery and Morrissey also won in last year's meet.

For I dipped into the future, far as human eye could see,
Saw the Vision of the world, and all the wonder that would be;
Saw the heavens fill with commerce, argosies of magic sails,
Pilots of the purple twilight, dropping down with cargoes bales;
Heard the heavens fill with shouting, and there rained a ghastly dew
From the nations' airy navies grappling in the central blue;
Far along the world-wide whisper of the southern wind rushing warm,
With the standards of the peoples plunging through the thunder-storm;
Till the war-drum throbbed no longer, and the battle-flags were furled
In the Parliament of man, the Federation of the world.

World War II

GREAT PRIVILEGES AND GREAT POWERS are ours, and heavy are the responsibilities that go with these privileges and these powers. Accordingly as we do well or ill, so shall mankind in the future be raised or cast down. We belong to a young nation, already of giant strength, yet whose political strength is but a forecast of the power that is to come. We stand supreme in a continent; in a hemisphere. East and west we look across the two great oceans toward the larger world life in which, whether we will or not, we must take an ever-increasing share. And as keen-eyed, we gaze into the coming years, duties, new and old, rise thick and fast to confront us from within and from without. There is every reason why we should face these duties with a sober appreciation alike of their importance and of their difficulty. But there is also every reason for facing them with high-hearted resolution and eager and confident faith in our capacity to do them aright. A great work lies already to the hand of this generation; it should count itself happy, indeed, that it is given the privilege of doing such a work.

Theodore Roosevelt, *Inaugural Address as Vice-president, 1901.*

☆

I HAVE EVERY CONFIDENCE in the ultimate success of our joint cause, but success in modern war requires more than courage and willingness to die. It requires careful preparation .... No general can make something from nothing. My success or failure will depend primarily upon the resources which our respective Governments place at my disposal. My faith in them is complete. In any event I shall do my best. I shall keep the soldier's faith.

General Douglas MacArthur.

☆

WE ARE GOING TO WIN the war and we are going to win the peace that follows. And in dark hours of this day—and through dark days that may be yet to come—we will know that the vast majority of the members of the human race are on our side. Many of them are fighting with us. All of them are praying for us. For, in representing our cause, we represent theirs as well—our hope and their hope for liberty under God.

Franklin D. Roosevelt.

LOOKING VICTORIES

John Marshall's unsung dramatic abilities were brought out by the **PROGRAM COMMITTEE,** he supplied welcome relief from the daily grind in Senior Hall. The grand climax came with the presentation of the prophecies and class will on Class day. Many thanks to the **GRADUATION COMMITTEE** for their grand work in preparing for farewell night, January 29, selecting the class motto and colors, and handling the announcements. In this corner we have the **GIFT COMMITTEE,** with Shirley Stielow and William Gummerman lobbying for a secretary and lamps respectively. The group's time proved well spent, so too, with the class' money.

Orchids to the **COLLEGE DAY COMMITTEE** for the splendid job in making the arrangements for representatives from the various schools. The **PROM COMMITTEE** juggled bids, programs, and sites, to come up with an all-around grand evening on January 9.

Chairman Ken Sutton's **PROGRAM COMMITTEE** had Senior Hall song conscious as a result of community singing, and Ken's own "Amundsen Victory Song." It was through the efforts of the **GIFT COMMITTEE,** with Herb "Red" Davenport on deck, that the striking glass trophy case was presented to the school by the June class of '42.
